# E-B EMULSA-BOND FACT SHEET

## **Description**

*E-B Emulsa-bond* is a 3 in 1 oil based stir in bonder/primer/sealer for acrylics and other water based paint systems. Will not change colour of the paint.

## **Purpose**

To assure adhesion of water-based paints to chalky, dusty, porous surfaces such as fibrous plaster, masonry, concrete, bricks, old wood, Kalsomine, oxidised aluminium cladding. To eliminate costly sealers and reduces time consuming preparation. To fortify the paint and extend the life of the coating.

## **Drying Time**

*E-B Emulsa-bond* does not retard the drying time of the paint to which it is added.

## **Container Size**

*E-B-Emulsabond* is available in 1, 4, and 20 litres containers.

## **Application**

Adding 25% of *E-B Emulsa-bond* is sufficient for most painting jobs (1 litre *E-B* into 4 litres paint). Poor surfaces will benefit from a 50/50 blend.

## **Coverage**

*E-B-Emulsabond* extends paint coverage by ensuring an even paint film and a better spread.

## **Clean-up**

Follow paint manufacturers instructions.

## **Safety Directions**

Adhere to common sense painting procedures and follow the paint manufacturers instructions. If *E-B* gets into your eyes skin, wash with copious amounts of water and seek medical attention if irritation persists.

## **Waste Disposal**

Dispose of in accordance with local regulations.
